Victor A. McKusick, M.D.
Division of Medical Genetics
Department of Medicine
Johns Hopkins University
School of Medicine
Baltimore, Maryland 21205

Dear Victor:

Thank you for your letter of January 8th inviting my participation in the Fourth Annual Meeting of the Clinical Delineation of Birth Defects. I shall be very pleased to attend the Conference and to present some of our findings in our studies of trypsinogen deficiency. We have over the past five years devoted considerable time and effort to furthering the delineation of this disorder and have a large amount of unpublished data which may be of interest.

Looking forward to seeing you and participating in the conference.

Best regards.

Sincerely,

Philip L. Townes, M.D., Ph.D.
Professor of Anatomy (Genetics)
and Pediatrics
Chairman, Division of Genetics
